

There is
so much to tell...

3326 Series
MatriX

Front-facing Built-in Gas Fireplace

Available in
Natural Gas
or Propane

Faber helps you create the atmosphere and look you desire for your unique space. Our built-in MatriX models let you design your fireplace - to viewing angles and finishes.

Front-facing Built-in
Gas Fireplace

- 

Logs
Realistic charred log set to maximize the illusion of depth and the appearance of burning firewood. Combine with loose embers for a custom display.
- 

Burners
The MatriX patented five burner gas fireplace provides the ultimate fire experience, as the flames organically wrap around the logs, while they flicker and dance. Adjust the flame intensity by turning the back burners on for added depth.
- 

LED Light Module
Casts a firelight glow over the media for a truly lifelike effect.
- 

Rear Wall Steel
Provides a solid dark interior finish.
- 

Invisimesh
A protective layer of Invisimesh surrounds the glass barrier of the fireplace and provides a warm touchable surface safe for children and pets.
- 

Remote Control
Uses radio frequency to control all fireplace features from the comfort of your chair.

Venting Compatibility
Dura Vent adapter (included)
ICC adapter TM-5AA8 (sold separately)

28,000 - 42,500 BTU

Product Dimensions:

Also available Electric eMatrix - FEF3226L1
