ODG15

Outdoor Burner System

The new ODG15 is the first Real Fyre vent-free burner system designed for outdoor installation only. Certified to the ANSI Z21.97/CSA 2.41 outdoor decorative gas appliance standard. The ODG15 is offered in a 24/30 size which accomodates 24” and 30” Foothill Oak and Foothill Split Oak logs, with remote operated electronic controls (-02 or -2VT). The burner pan is constructed of stainless steel and comes in either natural gas or propane versions.

Up to 45,000 BTU’s

For prices, sizes and additional information regarding the new products, please refer to the 2025 Vented and Vent-Free Price Lists.

CNDO, CNDS, CNDB
Charred Cinder Collection

Headlining the Real Fyre Premier Series gas log sets, the new **Charred Cinder Collection** offers a dramatic fire presentation highlighting exposed embers, décor chunks and unique burnt detailing complemented with black embers. The model CNDO oak version leads the way with birch (CNDB) and split oak (CNDS) units following later this Spring. Available in three sizes (18,24,30), the Charred Cinder models are compatible with G4, G45 and G46 burners in natural gas and propane versions.

-FE
Flame Enhanced Gas Logs

Building on the popularity of the optional Flame Enhancer Kit accessory that boosts flame and radiant heat, the new model **-FE Flame Enhanced** Gas log sets include all the components for an enhanced set-up in one SKU. Available in four sizes (18/20, 24, 30, 36) in five popular log styles (CHD, CHMJ, SDP, RDP, CHMBW), each set includes the Flame Enhancer Kit components (ceramic fiber-infused back log, aluminized steel panel and black embers) along with the regular logs for that size. These combinations offer more economical ways to provide flame enhanced performance in a new installation.
